

Dear _____,

As COVID 19 rages on and school shut downs have been inevitable Urban Youth Ministry has found ways to continue. A big thanks to our Director Nick Bolden for finding pockets of kids to teach Young Champion VALUES to throughout our city. Yes, students have to wear masks and have their temperatures taken at the door but classes have flourished at three different locations.

First, the Wheeler Boys and Girls Club consists of students on probation. According to Nick, their rambunctiousness has turned to attentiveness and respectfulness.

Second, the GoScholars at Brookside Park has just finished a cycle of teaching.

Third, a class with an organization called Boys to Men is taking place at the Lawrence Township Administrative Building currently. These boys are dealing with bullying at school to poor relationships with their fathers at home.

Today, our inner city youth are carrying some big burdens and it is good to have an adult in the room in order to provide clear thinking and positive actions on their part in a world filled with personal turmoil.

Again, thank you for helping us to make a difference and to fill the truth void in so many lives.

Greg A. Dixon
