

Of Greater Indianapolis, Inc

Dear _____,

Covid –19 has thrown everyone and everything that is normal into a windstorm the past twelve months. Schools have closed their doors to students and virtual classes have taken their place. As a result, our Young Champion classes have also taken a big hit. However, during this time of uncertainty we have continued paying our Director Nick Bolden out of christian kindness because of your faithful giving. We are also making plans for when schools open for the 21-22 school year. Thankfully, Nick has been able to continue his classes in our after school programs around the city.

One of the ways we are planning for the 21-22 school year is by writing grants to five different foundations that fund programs like ours. We are preparing ahead of time so that when schools do open our funding will be there and our teachers will be trained and ready to go on day one. Our goal is to double our budgets in order to add teachers and to teach 350 total classes next year. We will make up for lost opportunity because of the Virus.

I would like to thank each one who continues to give during this time to make all that we are doing and planning possible. We will rise up to the challenge that is before us with Gods help.

Thank you!

Greg A. Dixon
