Dear _____,

Last month I told you about the training of 7 new teaching Advocates for this coming school year. There are several training sessions down, but we still have several more to go to complete the training.

Below is a list of subjects that are being taught to the Advocates for them to relay the information on to the students for positive mental health development.

1. IMICE graphic novels (Problem Solving Skills)
2. Skits/Plays (No Bullying - Conflict Resolutions - Hope)
3. Team Poetry/Rap (Mental Illness - Violence)
4. Games (Leadership - Trust - People Skills)
5. Intra/Interpersonal Enrichment Tools (Safety)
6. Financial Literacy (How to be a banker)
7. IMICE coloring book (Calming Skills - Creative Coloring)
8. Styling movements (Social Wealth - Self-esteem)
9. Motivational Matras (Dialogue - Communication Skills)
10. T.R.U.T.H Teaching Reality Using Truth Holistically. These are relevant international, national, and local stories that produce comprehension skills, critical thinking, and potential neuroplasticity enrichment.
11. R3+R Relate-Relation-Reason/Reality. These stories, skits, and plays focuses on the "What if" circumstances. R3+R assist Young Champions in reflecting on the importance of being resilient and resistance to negative social media, media, gossip, and toxic Hip-hop.

Our Director John Hunt pulls no punches. He tells it like it is in real life and focusses on the students' understanding on how to live in the real world.

The Young Champion program will continue with your financial help to influence kids in our inner city. We hope to be in 6 - 9 school programs with hundreds of students weekly this 2022-2023 school year.

God bless!
